25X1C8c

Minutes of the 146th meeting were read by the Chairman and approved as read.

25X1A9a

1. GENERAL

The Chairman read a memorandum appointing [REDACTED] as Secretary of the Board vice Capt. Sobo, relieved. Lt. Cunningham is appointed Administrative Officer. The Chairman, with the concurrence of the Board, expressed appreciation to Captain Sobo for his excellent services as Secretary of the Board.

It was decided, upon suggestion of the Chairman, that a survey should be undertaken by the Board to determine the number of persons employed on JANIS in contributing agencies. In addition, the survey should clarify the relations between contributors including the assistance derived from each other and from other services. Major Battles and [REDACTED] were directed to prepare a memorandum to be filled in by contributors. The editors and staff will also be requested to aid contributors in filling out such reports.

25X1A9a

[REDACTED] reported that [REDACTED] will probably wish to have him return for a month or six weeks stay and then come back to JANIS. [REDACTED] will probably be able to stay until the end of the year. The Chairman pointed out that continuation of services at this time would be much appreciated by the Board and that any arrangements [REDACTED] was in a position to make would be appreciated.

2. EDITORIAL

Dr. Meigs reported the following: all material has been received for JANIS 72 except Chapter 2 and some figures and briefs of Chapters 7, 8, 9, and 10. Inasmuch as there are few large plans, a Plans Pouch will apparently be unnecessary;

Chapter 15 of JANIS 79 was submitted to the printer last week and the brief, Chapter 1, being prepared by Lt. Werble, will be finished within a few days. This will complete the editorial work on JANIS 79;

JANIS 153, Chapter 4 will be completed this week and Chapter 1, being prepared by Major Rasche, will be completed next week. Chapter 15 has not yet been received from the contributor.

3. PRODUCTION

Lt. Van Rees reported that no definite plans could be made at this time for processing JANIS 153. Because of the large size of JANIS 153, it will probably be necessary for a working team to proceed to the printers at a later date.

4. GRAPHIC

Capt. McCaskill reported that the route studies for JANIS 75 have been placed for reproduction and will be finished by 1 or 15 October.
